Dear valuable customers,

Announcement - New sticker on Nissan Reishi

Please be informed that the laser sticker of “NISSAN CHEMICAL”

will be replaced by the new alternative sticker of “日本靈芝協議会”

(“Nippon Reishi Association” in English) from LOT 1531 (Expiry date: 21 February, 2014) onwards.

Nissan Chemical would like to use the new sticker as we have joined the Nippon Reishi Association which was established in October, 2010, with the mission to guarantee the safety, maintain and improve the quality of Reishi mushrooms cultivated in Japan, and also to support the expansion and growth of the Reishi industry.

Either “NISSAN CHEMICAL” or “日本靈芝協議会” sticker will appear in the market during the transitional period in the coming 3-6 months. Should you have any doubt on the genuineness of the Nissan Reishi you are purchasing, please don't hesitate to contact our assigned sales agent in Hong Kong below:
